Address: 02 Rose St. Poblacion, Mapandan, Pangasinan

Phone: 09397535636

Primary Email: zaratejandale15@gmail.com

SUMMARY

A proactive-minded IT Student of Saint Louis University seeking internship opportunities related to software engineering. I'm eager to apply my skills in frontend development and project management, while also showcasing my ability to quickly learn new things. I have experience working on projects involving emerging technologies, including blockchain and AI.

WORK EXPERIENCE

Makerspace Innovhub OPC

(Januray 2026 - Present)

Worked as a student intern. I became a main developer and product owner during my time here.

PROJECTS

SRV - A Cross-Platform and Web-based Local Services Booking app deployed in a Blockchain network

- Designed and developed most of the frontend features of the system.

Ginoong Mapandan 2026 Judging System - A web-based judging system that was used during the Ginoong Mapandan 2026 Pageant Competition.

- Created the initial architecture and designs of the project.

Personal Web Portfolio - A web-based portfolio that displays my skills, projects, and other information about me.

EDUCATION

Bachelor of Science in Information Technology

Aug 2022- Present

Saint Louis University

High School Graduate

June 2017 - July 2022

Mapandan National High School

SKILLS

Programming & Markup Languages

- Java
- HTML
- TypeScript
